5.11 Tactical® CFX™

## What is CFX™?

- CFX is an exclusive 3-dimensional textile embellishment from FiberLok and is available exclusively to the public safety market applied to 5.11 Tactical apparel
- CFX is a construction consisting of layers of polyurethane films, metalized plastics and heat seal adhesives that are combined using patented technologies to form the most permanent, faithful and realistic image productions
- The CFX product range is available in a heat-seal patch or transfer form that permanently applies to 5.11 Tactical textiles in 30 seconds or less

## Why CFX™?

### CFX saves your department money.

*Only CFX combines extreme comfort and light weight with the look of authority, featuring metallic images with precision beyond embroidery or metal badges at great prices.*

### CFX is a Permanent Badge Solution

- Will outlast the garment that it is applied to
- Home laundry and dry cleaner friendly

### CFX adds Additional Security

- Protects against unauthorized copies and helps ensure authenticity

### CFX/5.11 Exclusivity

- Only available from 5.11 in the Public Safety Market
